Cooking instructions:

All meals come frozen. Recipes only slightly change based on the seasonal products that I can supply from local suppliers. I am always looking for new recipes and inventing new ones myself. The frozen dishes will last 3-6 months in your freezer. For best results cook all meals from frozen in the oven for 20 minutes on 180. Cook covered for the first 10 minutes then stir and remove the lid. Cook for a further 5-10 minutes. Meals can be defrosted and then microwaved. With rice and noodle dishes; at the 10 minute point, sprinkle with a little water. Pizzas come part cooked; you need to finish cooking these for 5-10 minutes on 180. Cakes come frozen and just need thawing. Baked Oats come frozen and require 20 minutes in the oven to be perfect. You can thaw and eat cold. Pasties and pies require 15 minutes in the oven. If you have any allergies you must inform us before delivery. We are prepared to tailor recipes for needs, however please be advised that we use nuts in our kitchen.
